

The Women's Council Graduate Assistance Fund Named Awards

A Named Award is a \$10,000 investment in the Graduate Assistance Fund endowment. The investment may be made all at once or paid through installments over five years. Whether it is in the donor's name or the name of someone to be honored, the Named Award is a way for an individual, a business or organization to personalize their commitment to helping women. Named Awards are timeless gifts given in perpetuity because the fund's principal always remains intact. ***The 120 GAF Named Awards listed below appear in alphabetical order.***
